Thought for the week – 'Stay safe in the sun!'

News Headlines!

- I'd just like to start our newsletter this week by thanking our amazing staff and children for their resilience in the heat this week. As a school community we value the importance of education and have continued to deliver our curriculum offer whilst making some adjustments for the extreme weather. We had a full risk assessment in place and plenty of brain breaks and constant hydration. Everyone has been fantastic in dealing with the adjustments and making things work. We've had the children's drawers filled with cool water and turned into foot spas underneath the table, paddling and splashing water play in EYFS and even a cheeky year 6 water fight on Friday. That's not to mention mini ice-lolly breaks! Hopefully, the weather will settle down over the weekend and we can get back to some sort of normality next week.*
- We will look to re-arrange sports day for key stage 1 and EYFS before we break up for the summer holiday.*
- Our Year 4 children have enjoyed a workshop delivered by Severn Trent this week reminding them of the importance of conserving water and water safety.*
- On Tuesday, the school nurses came to share with parents a sun safety session – this couldn't have been better timed with the week we've had!*
- Our **stars of the week** this week have all been chosen for their **respect** this week.*
